

Frodi's Flight Log

Fred and Jodi Leman Reaching the Bibleless Through Aviation

Links in the Chain

"A chain is only as strong as its' weakest link." This is a phrase we've probably all heard before, but what does it have to do with us going to the mission field?

We are just a small link in this chain of missionaries who are bringing God's Word to the Bibleless. Imagine for a second you are a translator and you've found a group of people who need God's Word. The village is a four-day hike through the jungle or a 20-minute flight by helicopter. You are married with three children, you need a house, a teacher for your children, computers to help with the translations, and radios to call for helicopter transport when needed. You can't be all these links in this chain by yourself. You need help from people who are able to go with you physically, but you also need help from those who can come with you in spirit! Our first assignment with Wycliffe is Partnership Development, building a team of people who will come alongside us in our ministry with Wycliffe, a team of prayer and financial partners, links in the chain.

Helicopter pilots are essential and in great need in Papua New Guinea (PNG) for Bible translation to continue there. PNG has around 800 languages with over 300 still needing Bible translation. The field has inquired about how quickly we can reach full ministry budget so that we can relieve other pilots and their families. We want to help keep the "chain" strong relieving those who need to be strengthened, while keeping the process of Bible translation going.

Enclosed you will find an Invitation to Partnership for your review. We would love to have you join our partnership team and help us quickly reach full ministry budget. We have no doubt that God will bless you for becoming a link in the Bible translation chain!

In Christ,
Fred, Jodi, and Kiddos
